Sabotage: Grave Robber

There's more than one way to fill up a cemetery. Remove a body from an opponent's cemetery and put it in your own. This card can be played anytime before the end of the game.

Heart Attack

An employee of the targeted player has a sudden heart attack. The targeted Undertaker loses an employee, but gains a body. This card can be played before or as an action is taking place to prevent the action; however, if played after an action has been declared the employee's action still takes place this turn. Targeted Undertaker draws a First and Last Name card from the top of their respective piles. If unable to provide the stated requirements, the employee's family will take the body elsewhere and the opportunity is forfeit .

Memorial Service

A family is in need of a second service for a loved one who has passed away across the country. Draw a First and Last Name card from the pile and perform the memorial service in one of your Showing Rooms. The room must be staffed, and you must meet the requirements on the card in order to get paid. In the event you cannot meet the requirements, the family will elect to go elsewhere and you forfeit the opportunity.

Security Guard

Your personal security guard protects against all negative actions that may be used against you. Your security guard will go to ANY length to protect your business.

Sabotage: Pop Tires

Building a lasting legacy isn't easy. Sometimes "unfortunate events" happen to your competition. You must play this as another player's turn begins. Playing this card, targeting a single player, makes any hearses unusable for that turn. Your Undertaker opponent may continue to do all other actions that turn with the exception of picking up with his or her hears(es). The opposing Undertaker can still play Event cards that grant pickup bonuses (like a free drop-off).

Sabotage: Unplug Freezer

Upon closely inspecting a competing Undertaker's electrical box, you assert that the wiring is "all wrong" and take it upon yourself to "fix" it. As it happens, your "fix" disconnects all power to the Funeral Home, which causes all of his or her freezers to become unpowered. In doing this, all bodies awaiting preparation are immediately taken to the county facility. Targeted Undertaker's bodies currently stored in a Prep Room (awaiting prep, during prep or post-prep) are discarded and removed from the game.

Security Guard

Your personal security guard protects against all negative actions that may be used against you. Your security guard will go to ANY length to protect your business.

Security Guard

Your personal security guard protects against all negative actions that may be used against you. Your security guard will go to ANY length to protect your business.

Security Guard

Your personal security guard protects against all negative actions that may be used against you. Your security guard will go to ANY length to protect your business.

Revived!

Upon arriving at the scene of a pick-up, the targeted player's driver notices that the deceased is not quite "ready" for the pick-up. The driver quickly transports the individual to the local hospital instead of to the funeral home. This consumes the driver's action for the turn. This card must be played as an opposing Undertaker picks up a specific body.

Closed Casket Funeral

A single employee can prepare a body and show it in a single turn. This action consumes the "space" of a Prep Room and Showing Room; however, both actions require a single employee and only take 1 turn to complete.

Motivational Speaker

Today, you bring in the motivational speaker Tony Guru to speak to your crew. They are immediately inspired to work harder than they ever have before. Your employees can perform up to 2 actions on this turn. Next turn they turn back into their formerly lazy selves.

Jack the Ripper

A serial killer is on the loose! When this card is played, select 3 additional First / Last Name pairs from their respective card piles and add the new bodies to the pick-up area. The deceased stay until picked up. On successive turns, do not replace bodies until there are less than 5 bodies available.

Outbreak

A dangerous infection is spreading! When this card is played, select 2 additional First / Last Name pairs from their respective card piles and add the new bodies to the pick-up area. The deceased stay until picked up. On successive turns, do not replace bodies until there are less than 5 bodies available.

Suspicious Death

When a suspicious death occurs, this small town relies on the local Funeral Homes to report the incident. The only problem is that this takes extra time. When this card is played (targeting a specific body), that body requires an extra prep turn in order for the staffer to fill out all of the necessary TPS reports.

Slow Day at the Office

Target a competing Undertaker and prevent him or her from acquiring a new Event card this turn. Additionally, they must discard the Event card they have in-hand (if any).

Paperwork Mix-up

Every so often the county morgue gets their paperwork mixed up (those damned computer systems). In this event, it is up to you to fix the problem. Re-arrange the First and Last Name cards that are awaiting pickup this turn. This card must be played at the beginning of any turn.

Summer Intern

Your cousin's husband's best friend's son needs an internship for his biology major and is willing to work for next to nothing. Hire a new employee for \$1,000.

Cemetery Beautification Day

Half (round up) of your staff takes a day of work off to beautify the cemetery. When played, place this card in your cemetery as a reminder of the legacy created (+1 LP)

Best Friends

Two best friends were in a tragic accident together. Their families have requested that they be shown at the same time. Your Funeral Home must prepare each body separately and provide both requirements, but the showing can be held in a single Showing Room and staffed by one employee.

Death at a Funeral

During one of your funerals, an individual passes away to an apparent heart attack. The family has requested that you immediately take care of the tragic situation. Select a First and Last Name card from their respective piles and either store or prepare it immediately. All requirements must be met or your Funeral Home will forfeit the opportunity to assist the family.

Funeral Director Convention

You attend a convention of your peers. Swap ideas, stories, and gossip between your fellow Undertakers. Everyone passes an event card to the player on their right. If you only have 1 event card, you must pass the card. If you do not have an event card, you pass nothing. This card does not count as part of the players hand.

Civic Duty

You have been called on by your local county to speed up the processing of the current "John and Jane Doe's". They have offered to triple the payment (from \$2,000 to \$6,000) for all John Doe's processed this turn. Because of the county's need, you feel quite obligated to assist.

Love Birds

A lovely couple has passed away in their sleep together. The family has reported that both partners were holding hands in bed the next morning with smiles on their faces. One of your hearse drivers picks up two bodies instead of one this turn.

Wake and a Funeral

The family has requested that you perform both a Wake and a Funeral. The targeted deceased is shown twice in successive turns. Since your prices do not distinguish between the two, you are paid for both showings. You are quite thrifty and are able to re-use all requirements from the wake when performing the funeral. An employee must staff both showings.
